Surge protection plan benefits

Protect your family's budget from the costs of having your electronics repaired or replaced after damage caused by power surges. Add the ASUREPRO Power Surge Protection Plan and protect your devices. Learn about what's covered and more in our FAQ section.

Here's how it works

In the event of a power surge, you can follow our four-step claim process:

Report the power surge incident to Asurepro

Complete the claim form and include the required documents.

Have your damaged items assessed by a licensed technician

Receive your reimbursement for the damaged devices after your claim is processed.

Available to Renters and Homeowners.

Surge protection, simplified.

Frequently Asked Questions

■ What is a power surge?

A power surge is a sudden and unwanted increase in voltage that can damage, degrade, or destroy electronic equipment. It can happen for a few reasons both man made and natural. Some potential causes for a power surge include:

- Damaged Power Lines / Transformers
- Lightening
- Bad Wiring
- The power coming on after an outage

■ What do I do if a power surge damages my electronics or appliances?

Email us at surgeprotection@asurepro.com and we'll guide you through our easy claim process. You have up to 30 days from the date of the surge damage to notify us. You will have a licensed technician certify that your electronics(s) were damaged due to an electrical surge, and if the item can be repaired or needs to be replaced on a simple two-page claim form that you return to us within 60 days of notifying us of the damage. After that license technician repairs or you replace your device(s) we'll review and finalize your claim here in house at Asurepro.

■ How does the €2 000, €4 000 and €5 000 coverage work?

It is the maximum annual protection coverage amount for qualified electronics certified to be damaged by an electrical surge. The plan will automatically renew every 12-months from the enrollment date, at which time the coverage amount is reset back to the full maximum euro amount.

■ Are all the electrical outlets within my home covered?

Yes, this plan covers all electric wall outlets inside your home

■ What do I do if a power surge damages my electronics or appliances?

Email us at surgeprotection@asurepro.com

and we'll guide you through our easy claim process.

You have up to 30 days from the date of the surge damage to notify us. You will have a licensed technician certify that your electronics(s) were damaged due to an electrical surge, and if the item can be repaired or needs to be replaced on a simple two-page claim form that you return to us within 60 days of notifying us of the damage. After that license technician repairs or you replace your device(s) we'll review and finalize your claim here in house at Asurepro.

■ Is there an age restriction on electronics damaged by an electrical surge?

No, the Asurepro Power Surge protection plan has no age restrictions on electronics damaged by an electrical surge

■ If I file claim, will I be responsible for paying a deductible amount myself?

No, there are no deductibles

■ Will my monthly payments increase if I file a claim?

No, these are group rates, and your monthly amount will not increase due to a filed claim.

■ What if the surge damaged item is too large to take into a certified technician?

We will reimburse up to \$120 in trip charge for the technician to come to your home to certify the damage was caused by a surge. That trip charge amount will be applied against your plan's maximum annual coverage amount

■ What does the Asurepro's Power Surge Protect Plan Cover?

To give you Peace of Mind, we keep what is covered under this Surge Protection plan simple. If the item(s) can be plugged into any electrical outlet inside your home (exception-electric vehicles, medical equipment, and power tools) and is damaged by an electrical surge, this plan will repair or replace the item(s) up to the annual maximum coverage amount.

■ What items are not covered under the Asurepro Power Surge Protection Plan?

This Surge Protection plan does not cover:

- Surge damaged items that are hard wired/permanently connected into the home's electrical system (such as central HVAC system)
- Surge damaged Items plugged into electrical outlets located on the outside of your home
- Surge damaged Items plugged into electrical outlets within additional structures detached from your main home
- Consequential damage to real property

■ How will I be billed monthly?

The monthly plan fee is conveniently billed to your bank account card.
